UK Food & Beverage M&A Activity Saw a 70% Fall By Value and 20% Fall By Volume in FY22

Oghma Partners is pleased to share the release of its review of the latest Mergers and Acquisition activity within the UK Food and Beverage Industry.

Key issues that impacted M&A in 2022, will likely continue in 2023 with the main ones being cost pressures, costs of living crisis and the higher cost of debt. However, greater deal affordability, as multiples have eased, combined with disposals of non-core assets could see an increase in the value and volume of deals as the year progresses.
