UK Food & Beverage M&A Activity Saw an Increase in the Volume of Deals

Oghma Partners is pleased to share the release of its review of the latest Mergers and Acquisition activity within the UK Food and Beverage Industry.

Oghma expects deal volume to show a sustained recovery with carve-outs forecast to be an increasingly common divestment option as larger corporations look to trim their balance sheets amongst the economic uncertainty and rising debt costs and to sell underperforming or non-core assets.
