

PRESS RELEASE

1st November 2023

Report on Cultivated Meat Predicts “Shake-Out Similar to Plant-Based Meat” Sector and Consolidation Amongst Players

Oghma Partners is pleased to share the release of its report on cell-based meat which predicts a shakeout that could involve consolidation amongst the key players.

Oghma envisages a challenging outlook in delivering sales to consumers and to stretch funding runways to the point of delivering profitability.

A full copy of the report is available on request.
